

New Patient Information

- A New Patient Package will be mailed to you after you make your appointment.
- Download the packet online at www.ranelle.com.
- Fill out the forms prior to your appointment.

Day of Appointment

- Please arrive 15 minutes prior to your appointment. Please bring a list of current medications and current glasses or contact lenses.
- First visits usually take 1-2 hours. Children's exams may require additional time.
- We will need to dilate your eyes for the examination and would recommend prior arrangements be made for your drive home.

Emergency Eye Care

- Eye emergencies, call the office 24 hours a day at 817.732.5593.
- If you are unable to reach our physicians, go to the nearest emergency room.
- All non-emergency requests are handled during office hours only.

Insurance & Fees

- We accept most major health insurance plans including Medicare.
- If your health plan requires a referral, please obtain one before your visit.
- Payment options are available for patients without Medicare or health insurance. Call our office to discuss payment options.

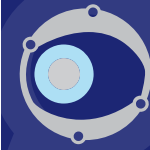

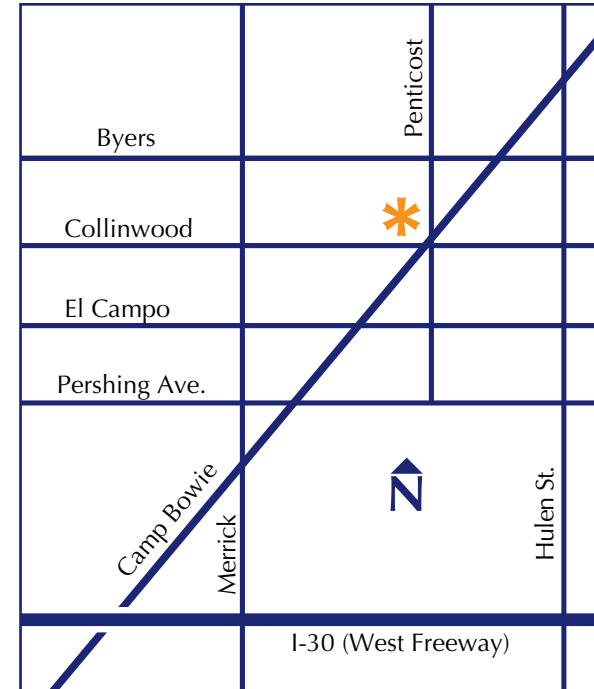

Optical Shop

The on-site optical shop that carries a wide variety of glasses and contact lenses.

Excellence in Eye Care

Providing State of the art vision correction since 1973

Generations of Care

Dr. H. William Ranelle is a board-certified diplomate of the American Board of

Ophthalmology with outstanding credentials. He is on the forefront of technology. He was the first physician in Fort

Worth to perform the modern cataract implant which has become the standard of practice for cataract removal. He uses a common sense approach with his patients ensuring confidence and trust while utilizing state of the art treatments for both surgical and non-surgical conditions. He can guarantee quality of care and the most recent and innovative treatment available to you in the field of ophthalmology.

Years of medical experience allow Dr. Ranelle to help thousands of patients evaluate and solve their eye problems. Growing up in a medical family, Dr. Ranelle's approach to medicine remains compassionate and committed to his patients. Dr.'s H. W. Ranelle and Ann Ranelle pride themselves on offering the most advanced technology in a direct and simple language so that patients leave the office understanding their medical condition and plan of care.

Welcome to Fort Worth Eye Associates

Fort Worth Eye Associates was started in 1973 by Dr. H. W. Ranelle. His mission was to provide the highest standards of medical and surgical eye care by offering the most technologically advanced treatments. After 30 years of extensive experience in microsurgery of the eye, Dr. Ranelle's commitment to superior quality has resulted in excellent outcomes for his patients.

The addition of Dr. Ann E. Ranelle to Fort Worth Eye Associates in 2005 has allowed us to expand our services to include specialized eye care for children. Dr. Ann Ranelle is a comprehensive ophthalmologist who is board certified and fellowship trained in medical and surgical eye care for children.

Both Dr. H. W. and Ann Ranelle are dedicated to providing high quality eye care for the entire family. Patients at Fort Worth Eye Associates receive innovative and quality treatment tailored to the needs of each individual patient.
